Four Vocal Mics

Three Floor Monitors, Stage Left, Right and Center

Drummer uses wired IEM to small Mixer

Electric guitarist prefers floor monitor but uses wireless IEM off and on so a fifth XLR monitor send to stage right is requested if available (but not required).

Guitar combo amp needs mic'ed up, SM57 or similar

Bass combo amp has a balanced XLR output

Acoustic Guitar is 1/4" out and requires DI box or DI to mixer

Drummer has a six piece drum set:

Kick, Snare, Rack Tom 1, Rack Tom 2, Floor Tom 1, Floor Tom 2, Overheads
